

## Community Public Water System Interconnection Plan

### Interim or Long-Term Interconnection Information

Anticipated Start Date	Expected End Date	Expected Duration (Months)

### Community Public Water System (PWS) Information

Supplying CPWS Name	Supplying CPWS ID	Supplying Pressure Zone(s)

Receiving CPWS Name	Receiving CPWS ID	Receiving Pressure Zone(s)

### Water Sharing Agreement - Requirements

Issue	Consideration Example(s)	Addressed (Yes or No)
Finished water compatibility	surface   ground   hardness	
Water age issues	disinfection byproducts	
Water quality issues	corrosion   iron   taste	
Disinfection compatibility	chlorine   chloramines	
Corrosion control compatibility	lead   copper   phosphate	
Service area delineation	current   future   growth	
Hydraulic analysis	mixing   isolation valves   flushing	
Communication	prior notice   complaints	

### Water Sharing Agreement - Recommendations

Issue	Consideration Example(s)	Addressed (Yes or No)
Agreement review process	frequency   changes	
Agreement non-conformance	SDWA compliance   penalties	
Water pressure	limits   max   min   mean	
Water flow	daily   mean   max   min	
Service areas	current   future	
Production capacity	seasonal   regional   per interconnect	
Wholesale meter ownership	responsible party	
Wholesale meter maintenance	responsible party	
Costs, depreciation, and billing	in agreement   separate document	
Service interruption management	communication	
Conservation measures	transfer   sharing   compatibility	
Non-revenue water	accounting   cost   long-term issues
