

Other Logic Model Examples

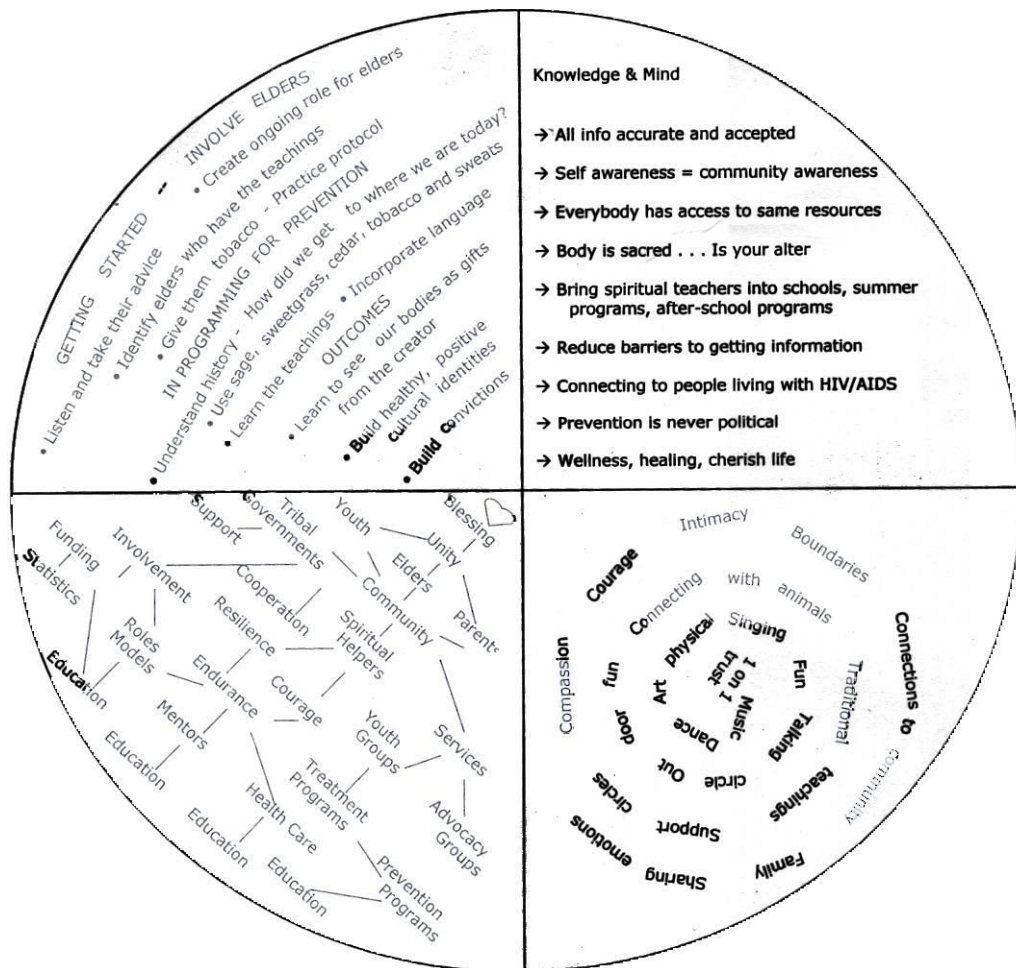

Logic models do not have to be linear and tabular. Here are a few more examples.

Example 1

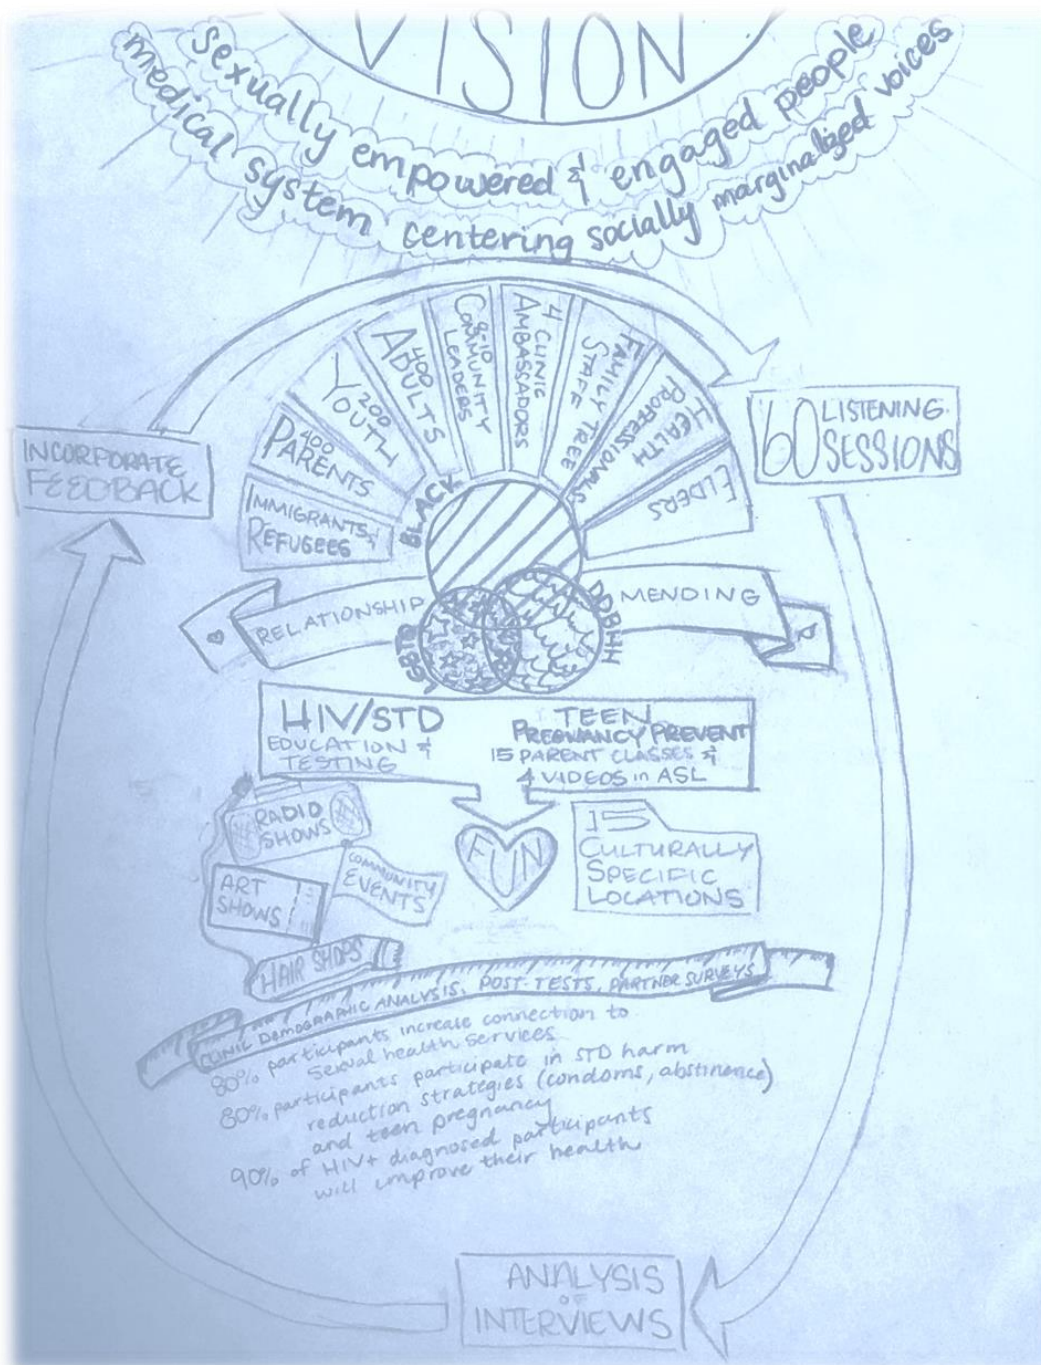

Created by the Minneapolis American Indian Center, EHDI 2010 (Heart Disease & Stroke)

Example 2

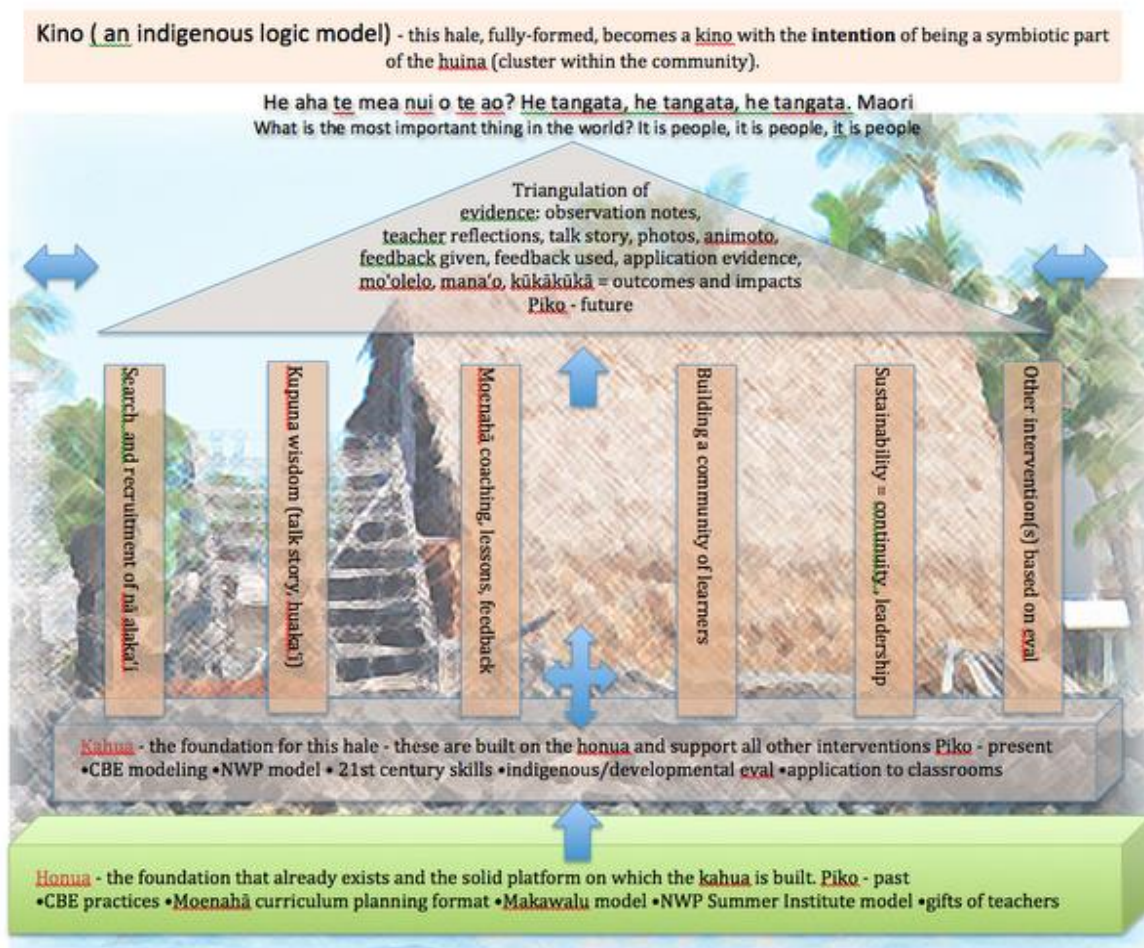

Created by Indigenous Peoples Task Force, EHD 2010 (HIV/AIDS & STIs)

Example 3

Created by Family Tree Clinic, EHDl 2021 (HIV/AIDS & STIs, Teen Pregnancy Prevention)

Example 4
